

MAC View®-Readout units

- 201202 MAC View®-Particles V2.02i for 1 sensor, standard input, software and calibration report
- 201222 MAC View®-Particles V2.02i for 1 sensor, 4-20mA input, software and calibration report
- 271153 MAC View®-Gassensor V1.53i, for 1 sensor, standard input, software and calibration certificate all in measurement case
- 271202 MAC View®-Particles V2.02i, for 1 sensor, standard input, software and calibration certificate all in measurement case
- 201153 MAC View®-Gassensor V1.53i, for 1 sensor, standard input, software and calibration report
- 201253 MAC View®-Gassensor V2.53i, for 2 sensors, standard input, software and calibration report
- 201173 MAC View®-Gassensor V1.73i, for 1 sensor, 4-20mA input, software and calibration report
- 201273 MAC View®-Gassensor V2.73i, for 2 sensors, 4-20mA input, software and calibration report
- 202101 MAC View®-Portable
- 211101 MAC View®-EeX
- 221101 MAC View®-IP
- 231101 MAC View®-IPR card
- 241101 MaxXS®-Remote Gas/Dust Monitoring

MAC View®-Gassensors

- 206153 MAC View®-Probe standard
- 206301 MAC View®-IP sensor
- 206201 MAC View®-Wall-mount standard output, several sensors
- 206601 MAC View®-EeX sensor, TTL output, up to 7 standard 21LPxxxx sensors
- 206401 MAC View®-Wall-mount sensor 4-20mA output, several sensors, gas only
- 206501 MAC View®-Wall-mount EeX sensor 4-20mA output, up to 7 standard 21LPxxxx sensors, gas only
- 206402 MAC View®-Wall-mount sensor 4-20mA output, several sensors, gas, RH and T
- 206502 MAC View®-Wall-mount EeX sensor 4-20mA output, up to 7 standard 21LPxxxx sensors, gas RH and T

MAC View®-Fine-dust sensors / Particles sensors

- 206202 MAC View®-Particles standard sensor
- 206203 MAC View®-Particles standard sensor, process connection version
- 206302 MAC View®-Particles Advanced 4-20mA output, dust only
- 206303 MAC View®-Particles Advanced process connection 4-20mA output version, dust only
- 206304 MAC View®-Particles Advanced 4-20mA output, dust RH and T
- 206305 MAC View®-Particles Advanced process connection 4-20mA output version, dust RH and T

MAC View®-Accessories

- 206510 Cable extension 10 metre little plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 206511 Cable extension 20 metre little plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 206512 Cable extension 30 metre little plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 206513 Cable extension 40 metre little plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 206514 Cable extension 50 metre little plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 206520 Cable extension 10 metre big plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 206521 Cable extension 20 metre big plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 206522 Cable extension 30 metre big plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 206523 Cable extension 40 metre big plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 206524 Cable extension 50 metre big plug for MAC View®-Particles / -case / -MAC View®-Gassensor
- 221001 MAC View®-IPR rack 3U inclusive supply and cover plates
- 221204 MAC View®-IPR housing 4U
- 221206 MAC View®-IPR housing 6U
- 221209 MAC View®-IPR housing 9U
- 221212 MAC View®-IPR housing 12U
- xxxxxx MAC View®-IPR housing >12U on request
- 160140 Server 1U
- 162124 Switch 1U 24 ports unmanaged
- 162524 Switch 1U 24 ports managed
- 164331 2 x RS485 Amplifier for cable extension of computer connection longer then 20 metre
- 136433 Cable for RS485 per metre (Maximum 1000 metre on 1 piece)
- 162900 Management software for server to manage more MACView® IP or IPR systems
- 162910 Server software Win2003 UK inclusive 5 clients
- 121420 RS232 - Ethernet 1 port
- 121421 RS232 - Ethernet 4 ports
- 121422 RS232 - Ethernet 8 ports
- 136444 UTP-cable per metre
- 153911 Cable extension 10 metre for computerconnection RS232
- 153912 Cable extension 20 metre for computerconnection RS232
- 121301 2 pieces EeX-barriers, 1 input, 1 output for MACView®-Wall-mount EeX sensor 4-20mA output
- 121401 IP68 housing for MaxXS® with transparent lid, supply and cable glands
- 206602 Option flow-cel / process connection for MAC View®-Wall-Mount

Services

- 385301 Service contract duration of 3 years for one MAC View®, 12 months periodical calibration
- 385307 Calibration and calibration certificate EMS MAC View® Solvent
- 385308 Calibration and calibration certificate EMS MAC View® Particles
- 385399 Calibration and calibration certificate Swiss Calibration MAC View® Particles for cleanrooms
